### Who We Are

We are a car club made up of Corvette owners with a passion for a fine driving machine, with the goal to participate in and support auto-related activities, such as: car shows, auto-crossing, rallies, drag racing, caravans, cruises, parades, etc.

We support (N.C.C.C.) **National Council of Corvette Clubs, National Corvette Museum**, several social, civic, and charitable organizations. CSS is incorporated as a non-profit organization in the County of Orange, California.

### CSS Family Updates

On February 18, 2015 Claude Allison had back surgery. He came home from the hospital on the 24th and is now resting. His pain is greatly diminished and he is definitely on the road to recovery!

## President Tony

"36 CORVETTES"

I'm sure you've heard the story about the 36 corvettes in a parking structure in New York. Well, here's the rest of the story. . .

In 1988 VH1 cable channel wanted to do a giant promotion. The guy in charge of the venture was a corvette lover. So one afternoon, while he was in California, he saw a 1962 go by and said, "we'll have a corvette give a way". The idea was to get one from every year (1953-1989). A drawing would be held and a single person would win the whole lot!!

A contest was started by using a 900 phone number. People would call in at \$2.00 per call. A whopping 1.4 million calls generated \$2.8 million.

After he raised the money, he bought corvettes that were stock; ran well and priced reasonably.

A carpenter from Long Island, named Dennis Amadeo, got the call that he won the 36 corvettes.

Now enters Peter Max, the famed pop artist, who made a deal with Amadeo to purchase the entire lot of cars.

In 1989, the cars were sent from California to New York and put in a warehouse. Months turned into years, as the cars were moved numerous times. In 2010, Max was going to strip the cars and paint each one an exotic color. He never did paint any of them and in 2014 he decided to sell them all.

In August of 2014, the cars were shipped to a restoration shop in New York. They are being brought back to running order and the owner will figure out what to do with them.

So we can watch for these cars to come up for auction or being sold soon.

### CORVETTE RACING UPDATE:

The 2015 Rolex 24 was a corvette spectacular with the corvettes finishing in six of the top ten places. The No. 3 corvette CX7-R of Garcia, Briscoe, and Magnussen, finished first in GTLM Class and fifth overall in the race. Congrats to the winning team and we are looking forward to seeing them in action in Long Beach, April 17-18.

### TRIVIA QUESTION:

What does "18436572" have to do with corvettes?

Tony

## The VP's Column

The VP's Word

By Donna Stewart

I want to thank all those who are still brave enough to risk all the aches, pains, and strains and participate in our "Sweetheart's Bowl" and pot luck.

We began the bowling event many years back to help kick off the Super Sports season. It's a get together after the holidays and banquet, as we are never sure about the weather and very few car shows are going on at this time. We just wanted to have something fun to look forward to and enjoy getting to know new members and touch bases with everyone. Thanks! for all your support.

Now get ready for all the next upcoming events!!

- Mar. 20-22 Corvettes Limited Run to Laughlin, London Bridge and Cracker Barrel.
- Mar. 28 13th Annual Corn Feed Run Car Show & Cruise, Olde Towne, Chino CornfeedRun @aol.com

## New Adventures from the Past President:

Forgive Me My Brothers and Sisters for I Have Sinned. I know that I have broken many of the Corvette Ten Commandments.

Commandment 5 states that Thou shalt not cruise on unpaved road. I have broken this commandment severely. We live on a private road now and it seems that we are the only household out of 5 houses that think that the road needs repair. There are many pot holes and the worst is in front of our house. The one in front of our house is 4' by 6' and 4 inches deep. Everyone drives on our embankment to avoid the hole making the run off from the rain not flow properly. I have had to drive through this with my beloved beast and I am ashamed. Please forgive me!

Commandment 2 states that thou shalt not bring a Corvette to an automatic wash. Although I would never do this, I have also not washed my beloved beast for 10 weeks. She has been in the garage surrounded by boxes and rotting trash. You see, we are a quarter mile from the nearest county maintained road where the Waste Management (trash) trucks drive. Getting the trash to the main road is problematic. The road goes up and down and when it goes down it really goes down, making it difficult to get the trash bins out to the road. As many of you know though there is a transfer station (aka. The "Dump") where we have been communicating from because until recently we have had no cell service in the house. It is my intention to move the garbage to the transfer station in the Silverado, but I have not done so yet. I did wash her today, but the well water is quite hard so I am afraid the washing may have annoyed her. Please forgive me!

Commandment 8 states that thou shalt not subject Corvette to severe weather conditions. One of the very pleasant things about Grass Valley is that it rains here. Unfortunately for the "beast," it got wet in one of the latest rain storms. Please forgive me.

However, things are on the mend. We now have high speed Internet using a micro-wave dish pointing to a local mountain tower. It is faster than any Internet service I have ever had and runs circles around AT&T's U-verse that we used to have in Brea. We now have a land line, but no thanks to AT&T. It took them 3 weeks to get the land line installed all the time telling me bogus reasons why they had not completed on time. It turned out to be a cross over wire at the junction box a half mile away that was disconnected. We also now have Cell Phone service in the house. I was able to negotiate Verizon to send me a Network Extender for free. It works off of my Internet service and helps connect to the local cell tower a mile and a half away but with only a weak signal. All in all, I think we are making great progress and hopefully the beast is happy being clean and under the car cover now.

We have all the necessary boxes unpacked and are now venturing out to see the world. On the third Thursday of March, we will be visiting the local Corvette Club, called High Sierra Corvettes. Its web page can be found at <http://www.highsierracorvettes.org/welcome.html>. Rest assured though that no club can take the place of Corvette Super Sports because a Corvette club is more than just doing things together, it is about the caring members that are extended family members – like all of you are to us. We are also exploring the South Yuba River State Park where Ginger and I are starting to hike and explore together.

We are sure that we are going to like being retired, but we miss all of you. The G&G B&B is open and we have plenty of room. Come visit us soon.

## Sponsor's Corner:

Connell Chevrolet helps sponsor our Corvette Club. They have been family owned and operated by the Doddridge family since 1989 when Paul Doddridge purchased the franchise from John Connell. Paul is still active with the dealership, but he also spends a lot of his time at his ranch in Montana. His son Wayne Doddridge is the active General Manager.

Connell Chevrolet was first opened in the late 1950's and was located in Newport Beach on Pacific Coast Highway. Then in 1963, they relocated to Harbor Boulevard in Costa Mesa.

Connell has one of the largest new, certified, and pre-owned inventories in Southern California. If you're looking for a specific Tahoe, Silverado pickup, Corvette, or a late-model used car or truck, chances are, Connell Chevrolet has it.

And over the years, Connell's Service Department has built a reputation fixing your GM vehicle right the first time and in a timely manner. They currently have more Chevrolet Master Technicians than most other Chevrolet dealers in the entire USA.

When you go to Connell for service ask for Todd Mack. Todd has been a Service Consultant at Connell for over 20 years and is a recommended advisor in the Corvette forum. For you "do-it-yourselfers," Connell Chevrolet has an expansive Parts Department. They are one of the largest wholesale dealers in the area. And if they don't have your specific automotive part on hand, they can probably secure it within a few days.

Lastly, let's talk about the Connell employee family. To many, their employment at Connell is not a job... It's a career. Many employees including the sales, service and office personnel have worked at Connell for twenty years and more. Even the outside vendors who help to support Connell Chevrolet, have been within the Doddridge family for many years.

Look for Wayne Doddridge next time you're at the dealership and introduce yourself. He is a family man with 6 children and supports the local community. He and Connell Chevrolet help sponsor Orange Lutheran High School, Crean Lutheran High, Costa Mesa High, Fountain Valley High, Estancia High, the Orange County 4H clubs, Newport Harbor Corvettes, Corvette Super Sports, Better Business Bureau, Auto Club, Costco, Los Angeles County Police and Fire Departments, the Orange County Fire Department, Costa Mesa Police, Newport Beach Police, Huntington Beach Police and Irvine Police.

## STEP UP FOR MILITARY BABIES

As part of our mission of caring for military and veteran families during times of financial crises, Support The Enlisted Project invites you to participate in our spring donation drive scheduled from February 1, 2015 - April 15, 2015.

Our goal is to fill our warehouse with essential baby and new family items for distribution to military families through the rest of the year so they, with this helping hand, take care of their families and get back on a path to self-sufficiency.

Please let us know if you, or any of your community contacts, would be willing to advertise our goal and serve as a drop off/collection point for your area (i.e. neighborhood, church or place of business).

Regardless, you can help these young military families by donating:

- \* Diapers and Wipes
- \* New and gently used baby clothes and toys
- \* Essential household & new family items
- \* New infant car seats
- \* New Strollers, cribs, and high chairs
- \* Retail and grocery gift cards (any denomination)

***\*No donation too small- every bit makes a difference to a family in need.***
