## Who We Are

We are a car club made up of Corvette owners with a passion for a fine driving machine, with the goal to participate in and support auto-related activities, such as: car shows, auto-crossing, rallies, drag racing, caravans, cruises, parades, etc.

We support (N.C.C.C.) **National Council of Corvette Clubs, National Corvette Museum**, several social, civic, and charitable organizations. CSS is incorporated as a non-profit organization in the County of Orange, California.

## CSS Family Updates

Thank you Gary M. for all of your hard work in getting the CSS club into the OC Register! You Rock!

### "WHAT'S MY CORVETTE WORTH?"

Everyone who owns a Corvette wants to know how much it is worth. You can look up on the phone APP "Corvette DNA" to find out the value. Most people don't know that a Corvette is worth more in parts than it is as a whole. "You're Crazy", some would say. BUT IT IS A FACT!

Corvette salvage companies specialize in buying wrecked Vettes and "parting them out."

For example, a 2010 Corvette coupe costs about \$50,000 new. But used it would be valued at about \$35,000. However, if the total parts of the car were sold separately, it would add up to over \$60,000.

Here is a partial list of the parts of the 2010 and what they would cost used:

1. L53 6.2 liter Engine	\$6,500
2. Hood Assembly	\$500
3. Headlight Assembly	\$625 each
4. Front Wheels and Tires	\$ 1,400 for pair
5. Seats	\$ 1,500 a pair
6. Six-Speed manual Transaxle	\$ 1,500
7. Automatic Transaxle	\$ 1,200
8. Decklid with glass	\$850
9. Taillight	\$60 each

These are some examples of prices listed from a dismantler company. Your prices may be higher or lower.

This only gives food for thought for your Corvette. I'm not saying that when you get ready to sell your "ride", you part it out. We should leave this to the professional dismantlers.

This does make one think: "just how much is my car worth"? But please don't wreck it to find out!!!

On another note, Congratulations are in order to Corvette Super Sports for participating in area car shows and events.

- We have received the "Club Participation" award at the Corvette Corral at the Long Beach Grand Prix for the past 3 years.
- We received the "Club Participation" award from Corvettes West at the Big Bear Bash in 2014 and 2015. We also won a trophy for the "Trivia" contest.
- And we had the most members present for the past 7 out of 8 years at the Regional NCCC Corvette Convention in Las Vegas.

Thanks for all your support in making our Club one of the "Best in the West."

"Save the Wave"!! Tony

TRIVIA QUESTION: Corvettes have almost always been available in a rainbow of color combinations. Which model year offered the smallest color selection?

(Answer to Last Month's Trivia Question): The year that Corvette attained 1 horsepower per cubic inch was 1957. It had 283 cubic inches and 283 horsepower.

## The VP's Column The VP's Word By Donna Stewart

I know we are all happy to welcome back Tony and Laura from a well deserved vacation. I know we're very happy to have Tony back in charge.

I would like to say "Thank You" very much to everyone that helped with the table decorations and serving of food at the Celebration of Life for Cindy. It was such a marvelous tribute to our wonderful friend and fellow club member. She will be greatly missed by everyone.

I hope you were all able to put your hands on a copy of the Orange County Register and read the super article about our Club and upcoming car show.

My many thanks to Gary Maleski for all the great work he is doing getting the Club in the media. Keep up the good work! You are doing a Wonderful Job!!

As we are now in the full swing of Summer, we still have a great number of events ahead of us. Most important of all coming up events, is our annual Car Show. We need you all to step up and participate. I know it can be a lot of work, but most of all it can be a lot of fun. We need help with all committees; so join in and help us make a great success of it!

Following on the next Saturday, Aug. 22, we have the Bar-B-Q and pool party. Please join in and help us celebrate.

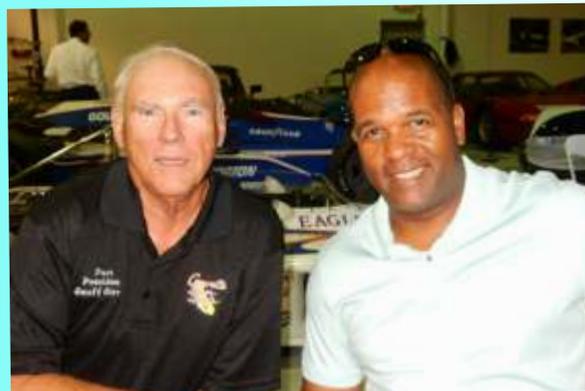

We are getting a good group together to attend the Fresno Club event in Reno in September. After attending the event last year, I know that all who attend will have a great time. Please let us know if you are planning to participate so we can relay all the important information to you.

You can refer to the Events Calendar for dates of other events. Also, please let me know if you are aware of any other events that would be of interest to the Club.

Thank You,  
Vice Prez  
Donna Stewart

From the CSS Family, we lovingly say  
goodbye to our friend.

## Extreme Autocross - Montana

I had the opportunity to drive 3 very special autocross courses while visiting Will and Joyce Grohmann over the Fourth of July this year. CSS members Will and Joyce have several cabins 20 miles north east of Wilsall Montana and it's an exquisite place beyond the fact that the roads in the area are amazing autocross courses. But I am getting ahead of myself.

The vehicle of choice for these amazing courses are ATVs and NOT Corvettes due to the 5<sup>th</sup> Commandment of the Corvette 10 Commandments that state that "Thou shalt not drive Corvette on unpaved roads." But, don't let that fool you. The 4 wheel drive Polaris machines can get up to the low speed autocross limits if need be and I did!

There are 3 major courses, one for each level of driver from novice to intermediate to expert. The novice course is flat, short and has easy turns. The intermediate course is more technical, with hair pin turns, a longer course and small hills. The expert course is much longer with radical hills, hair pin turns at the bottoms and five miles each way. This course is hard enough going uphill but the reverse course down the hill can make your heart skip a beat. I remember Bud going around a turn at high speed at Pahrump and going off course and failing the cardinal rule at Spring Mountain which is keep the tires on the black top. Here though I guarantee that leaving the road could be disastrous unless you know how to fly!

All three courses can be run individually for time or lug nut to lug nut like Joe's time trials at Pahrump. After practicing both ways on the novice and intermediate courses I felt I was ready for the lug nut race on the expert course

Now it is important to say that I would never have attempted these were it not for Cindy Orrico a long time ago convincing me to try auto crossing at Vapor Trails Vettes in Santa Maria. She said try it once and if you don't like it don't do it again. I tried once and was hooked. I also need to thank Joe, and both Ed and Bud Norris for their never ending training at every autocross I ever entered. Bud and Ed helped me learn how to find the proper line on the course and where to be before and after turns. Joe taught me how to understand the apex of turns and how to use the rumble strips to my advantage. Unfortunately the technique of heel toe brake gas clutch does not apply since these are more like motorcycles with four all-wheel drive.

I would recommend visiting Will and Joyce in Montana whenever you can. Not only is the land more beautiful than California but the rivers are running full, there are wild animals everywhere, there are wild flowers everywhere no traffic noise and open spaces that all renew your spirits. Will has built his log cabins by hand even his three story one on 100 acres. Will and Joyce are wonderful hosts and might just let you win an autocross or two.

The following link will show a video of the victory parade! <https://www.youtube.com/watch?v=VaprSY8eVmY>

## Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-“parts” are:

- a. Mid America Motorworks, [www.mamotorworks.com](http://www.mamotorworks.com), (800) 500-1500;
- b. Eckler's Corvette, [www.ecklersCorvette.com](http://www.ecklersCorvette.com), (800) 327-4868;
- c. Corvette America, [www.CorvetteAmerica.com](http://www.CorvetteAmerica.com), (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

- a. Volunteer Vette Products, [www.volvette.com](http://www.volvette.com), (865) 521-9100;
- b. J & D Corvette, [www.jdcorvette.com](http://www.jdcorvette.com), (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, [www.CorvetteCentral.com](http://www.CorvetteCentral.com), (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, [www.CorvetteCollection.com](http://www.CorvetteCollection.com), (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, [www.CorvetteMuseum.org](http://www.CorvetteMuseum.org), (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

## Sponsor's Corner:

Connell Chevrolet helps sponsor our Corvette Club. They have been family owned and operated by the Doddridge family since 1989 when Paul Doddridge purchased the franchise from John Connell. Paul is still active with the dealership, but he also spends a lot of his time at his ranch in Montana. His son Wayne Doddridge is the active General Manager.

Connell Chevrolet was first opened in the late 1950's and was located in Newport Beach on Pacific Coast Highway. Then in 1963, they relocated to Harbor Boulevard in Costa Mesa.

Connell has one of the largest new, certified, and pre-owned inventories in Southern California. If you're looking for a specific Tahoe, Silverado pickup, Corvette, or a late-model used car or truck, chances are, Connell Chevrolet has it.

And over the years, Connell's Service Department has built a reputation fixing your GM vehicle right the first time and in a timely manner. They currently have more Chevrolet Master Technicians than most other Chevrolet dealers in the entire USA.

When you go to Connell for service ask for Todd Mack. Todd has been a Service Consultant at Connell for over 20 years and is a recommended advisor in the Corvette forum. For you "do-it-yourselfers," Connell Chevrolet has an expansive Parts Department. They are one of the largest wholesale dealers in the area. And if they don't have your specific automotive part on hand, they can probably secure it within a few days.

Lastly, let's talk about the Connell employee family. To many, their employment at Connell is not a job... It's a career. Many employees including the sales, service and office personnel have worked at Connell for twenty years and more. Even the outside vendors who help to support Connell Chevrolet, have been within the Doddridge family for many years.

Look for Wayne Doddridge next time you're at the dealership and introduce yourself. He is a family man with 6 children and supports the local community. He and Connell Chevrolet help sponsor Orange Lutheran High School, Crean Lutheran High, Costa Mesa High, Fountain Valley High, Estancia High, the Orange County 4H clubs, Newport Harbor Corvettes, Corvette Super Sports, Better Business Bureau, Auto Club, Costco, Los Angeles County Police and Fire Departments, the Orange County Fire Department, Costa Mesa Police, Newport Beach Police, Huntington Beach Police and Irvine Police.

Homeland Security Training is now called: **Corvette Super Shots**. We typically meet on the fourth Saturday of each month with lunch afterwards. All are welcome to join!

## Editors' Note:

Hi everyone! I am really enjoying my new position as newsletter editor! I was a little nervous about taking over Geoff's job, since it was an award winning newsletter! I think I've made it my own while keeping the structure the same. As always, I welcome pictures and extra articles from other members as long as you send them to me at least **five (5) days before** the end of each month. I especially need pictures and copy for events I do not attend!

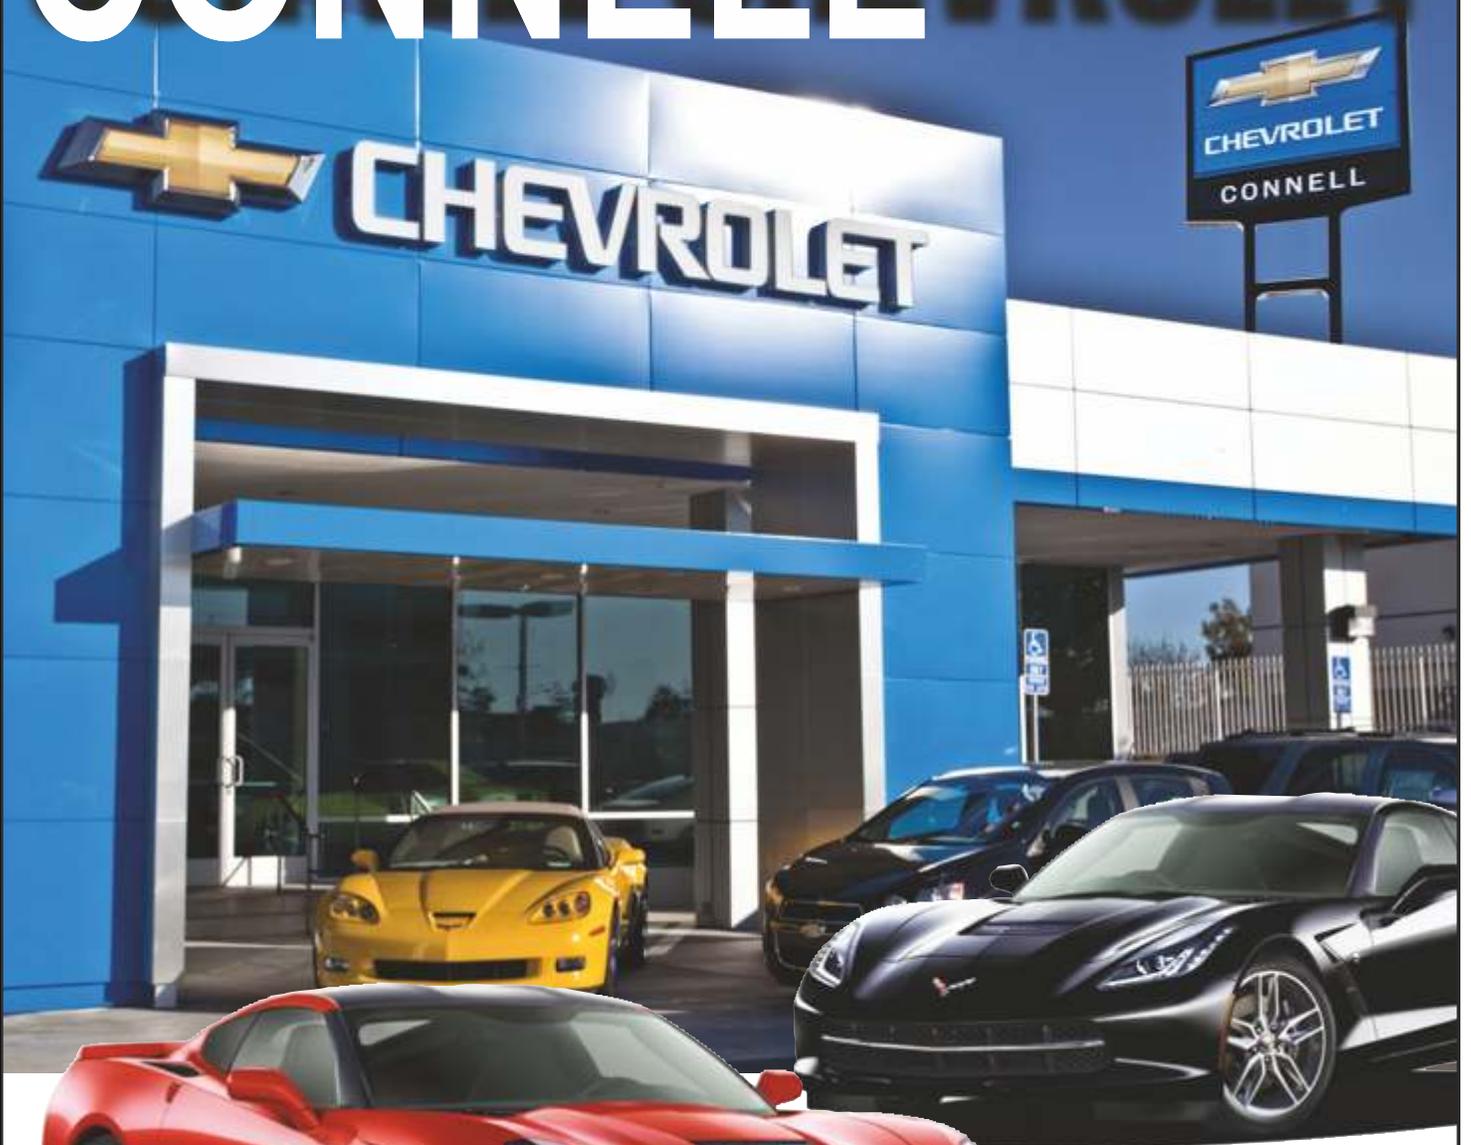

Enjoy!

Debbie :-)
