This Month's Trivia

Trivia Question for January: True or False: The original dashboards were made out of leather and wood. Answer: True

Trivia Question for February: In what year did Corvette move production to Bowling Green, KY?
a. 1975
b. 1977
c. 1981
d. 1983

President Kieth Huff

The Corvette story is one of pushing boundaries. There are cars, sports cars, work cars, family cars, always something new or different. Then the trends and automotive design pursuits; the minivan trend that evolved into the SUV trend is one example of how they come and go. It's the dance of consumerism and marketing with a splash of need and wants that drives this car culture. Then, there's the one constant in a field of change. Corvette has evolved and led a segment of our car culture, the classic 2 seat sports car. One car has remained a constant for over 70 years. We already know this, well, maybe you did, but I'm still learning and I tend to be a tactile learner. As I continue to delve into the depths of ownership of the cars and meeting the people who drive them, I find myself on the verge of obsession. Some will say I blew past that stop a while ago, but let's not get bogged down in the details; I bought a C8! This is my 3rd Corvette in just over 3 years! Not bragging, but if I would have done more research I probably could have cut that number by at least one. However, I would have lost a lot of street credibility when standing around bs'ing at cars and coffee. I'll report my thoughts on the C8 and impressions in the future, but so far let's just say I'm still learning the car. Tonight I wrung out the Z button, thank you Zora for the inspiration, wowee!

Speaking of Cars and Coffee, how about Pistons and Brunch! Thanks to Rod Dixon for inviting our club to be the featured guests in February. What a well run event. It's the 3rd Sunday of every month. It's staged at the Highway 39 Event Center which has nothing to do with Beach Blvd and is actually several miles to the east in Anaheim. I highly recommend attending and getting brunch too.

This month a few of us will be joining the Corvettes of Choice for their Cars and Coffee version of things on the 15th, always a good time with this club, maybe we'll see ya there. This is the same day as our La Habra Bowl parking lot meet up so you have options my friends, cutting the yard can wait.

Check out VP Steve's article for our next drive/outings and get out and drive your car, just don't look for my orange C7, now it's the Accelerate Yellow C8 and I'm having a fire sale of orange shoes, hoodies, phone cases, underwear and so much more. I'll see ya out there!

The VP's Column

The VP's Word By Steve Prescott

How I got here... My good friend, Danny, and I go way back. We met in a Hot Rod Club in N. Long Beach. He had a couple of T-Buckets and a bitchen '34 Sedan, chopped and sectioned. Then he got into the De Tomaso Mangustas and Panteras. After that he bought a black C-3. After I drove that, I was hooked! Then he had 2 C-4 convertibles. But then came the real gem, a '94 ZR1. Often he would drop by my business and I always knew when he was coming because of the beautiful sound of that dual overhead cam motor! Finally Jeanne and I got our black C-5. But I had carried a picture of a modified C-3, steel bumper corvette in my wallet for years. My friend Danny found the car, a '68 convertible in Arkansas. Thankfully, Jeanne said it was time to build that car! So, I bought it and had it shipped to my shop. It took 3 years to build. For my car's first run, Danny and I went to Hooter's in Anaheim. I was presented with my very 1st award, Best Modified C-3! What an honor! Years later I realized who the CSS Club was that gave me that award! My friend Danny passed away a few years ago, but every time I go into my garage and look at those vettes I'm thankful for the journey and him....

Now, back to business- Next Saturday, March 8th is our monthly run to the Nethercutt Museum in Sylmar and of course, lunch afterwards. There will be more info at the General Meeting on the 4th. This run is a rain or shine (doesn't matter what car you drive).

So, let's get out there and drive!

Steve

NCCC PRESIDENT's MESSAGE: February 2025

Happy Valentines Day-a little early! We are all deep into planning for 2025. I see many regions have events in the database. I hope you plan to get out to see what is happening. I am!

Convention registration is OPEN (at 10 am EST)! Take a look at the information on events and tours before you go to the registration form. Every time you start a form, a new record created. If you don't finish, the next time you go in you have to start all over again, nothing carries over.

Be sure to check out the 2026 Convention information on the website. There is a contest for members registering for convention between 2/1 and 2/14. The winner gets one registration fee (\$195) refunded- the winner will be announced at convention.

The first meeting of 2025 is February 22nd - 2/21 if you want to attend the Friday night meetings or enjoy the hospitality room. As always, everyone is welcome to attend.

REMINDER INFORMATION: To make your reservation in our room block for the national meetings, you need to go to our website under meetings where 2025 Sheraton Reservation bullet is. You cannot use the Sheraton regular reservation site on the website to get into our block. ALSO – you need to have your reservation in at least 3 weeks prior to the meeting date. There is also a tab if you need assistance from the Sgt at Arms.

We have been working on updating the website information. If you have suggestions on what you would like to see, please let me know. Keep in mind, this is the information and not any application updates- that is way above my pay grade. With that said, the suggestions we get may result in some changes, but those will take longer.

Stay warm and healthy!

Deb Murphy
NCCC President

Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-“parts” are:

- a. Mid America Motorworks, www.mamotorworks.com, (800) 500-1500;
- b. Eckler's Corvette, www.ecklersCorvette.com, (800) 327-4868;
- c. Corvette America, www.CorvetteAmerica.com, (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

- a. Volunteer Vette Products, www.volvette.com, (865) 521-9100;
- b. J & D Corvette, www.jdcorvette.com, (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, www.CorvetteCentral.com, (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, www.CorvetteCollection.com, (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, www.CorvetteMuseum.org, (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

Our Corvette Super Sports Dealer Representative D.J. Martin is retiring after a long career at Connell Chevrolet. The new point person for CSS members is now Tim Connell, Sales Manager. I have known Tim for over 25 years and sat down with him to get some background history on Connell Chevrolet.

Tim is well versed in Corvettes and has participated in the dealer training and Spring Mountain Driving for the C-5, C-6, C-7, & C8's.

The company was founded as Miller / Connell Chevrolet and Oldsmobile in 1959 located in Newport Beach on Pacific Coast Highway. John Connell bought out Miller and moved the dealership to the present location in 1964, and dropped the Oldsmobile line. Tim Connell is a third-generation family member working at the dealership.

Paul Dodridge started working at the dealership in the late 1960's and worked his way up to General Manager. Paul bought out John Connell in the 1990's. Paul passed the torch to his son Wayne, and then to the present Owner Tim Dodridge. Paul and Wayne have retired to Montana.

CSS members get a 10% discount on service and parts, just show the service writer you club card. Should there be any issue, contact Tim Connell. The Service Director is Alan Vondra and the Service Manager is John Calvert.

Please show your support for Connell when you are looking for any new vehicle or service needs, as Connell has provided CSS with their continued support.

NATIONAL COUNCIL OF CORVETTE CLUBS

The National Council of Corvette Clubs (NCCC) and its members is not just about those that drive Corvettes, it is about promoting Corvette Ownership in the youngsters in our lives. It might be a child, a grandchild or a niece or nephew. Regardless the situation, share your passion about “America’s Sports Car” with them.

One way you can do that is by enrolling them in NCCC’s Future Corvette Owners Association (FCOA). This youth program was conceptualized in 1991 and became the official youth program in 1992. The first 76 Members were signed up at the 1991 Convention and currently the membership has exceeded 5,600 members.

FCOA is a very special Corvette Organization just for kids, formed to get the younger generation interested in Corvettes. After all, these kids will make up the next generations of Corvette enthusiasts! These members are the foundation of NCCC's future as they become NCCC members upon turning age 16. NCCC has benefited from having numerous 2nd-generation FCOA members come thru the organization.

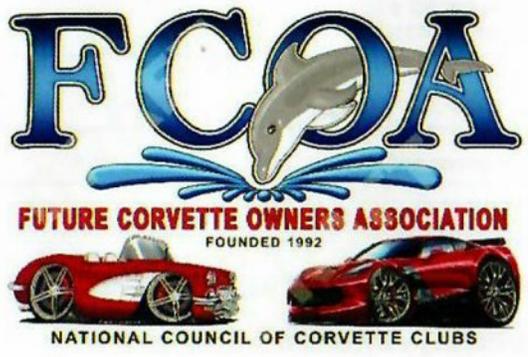

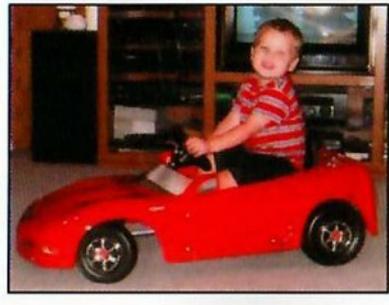

FCOA members do receive a membership packet that is tailored for the different age groups. The packet includes a personalized welcome letter (see sample to the right), an FCOA patch and membership card plus a notepad, dash plaque, stickers, trading cards and various other items supplied by members and sponsors who support the FCOA program. It's not always possible however we strive to collect enough items so that all current members will also receive an annual packet of "goodies".

We maintain a list of Activities and Holiday links for the kids to have fun with. Various FCOA Merchandise can be obtained for the kids.

These are a couple of photos that have been shared; clearly showing the excitement that the kids have when they join FCOA!

FCOA has its own website, www.corvettesnccc.org/fcoa1.html and email FCOADirector@corvettesnccc.org. The program is facilitated and fully supported by the NCCC FCOA Director.
