This Month's Trivia

Trivia Question for March: True or False: The Corvette 4th generation in 1984 was designed by Dave McLellan. Answer: True - Dave McLellan became the chief of design in 1975.

Trivia Question for April: What speed did the ZR1 reach when trying to break the fastest car record in 1990?

- a. 165 mph
- b. 175 mph
- c. 185 mph
- d. 205 mph

President Kieth Huff

Anybody make it to the Bash at the Corvette Museum last month? From what I've been hearing things were pretty underwhelming. No great surprises or rumors with only a slight mid to late model run update. It looks like the row of buttons is going away on the C-8. There's been mixed opinions on this topic, but to me it's been perfect. I can reach over without looking and feel my way up the line to tap the temp up or down and the same for fan speed. On my C-7 the temp mixing was horrible and never was able to dial it in. So now it looks like the buttons will be under the right screen. There's also a third screen on the far left to display some status functions, tire pressure etc. It's going to be interesting to see the C-9 renderings. One thing for certain with Corvette, nothing is static and boundaries will always be pushed.

In other news our annual All Corvette Car Show is fast approaching and from what we can tell it's going to be very well attended. A few of the club members have been visiting other clubs to drop off flyers and drop in on their meetings. I really enjoy seeing how other clubs operate, the things they do in the community and the charitable work we're all doing. Good cars, great people and always something exciting. Our club got a behind the scenes tour of Angel Stadium last month courtesy of one of our members, Tom Cuccio. I'll never look at another Angel game the same. While there, we met an autocross group in the parking lot and some of us plan on attending the next track day in June. I'm outta space, but come out to our general meeting or Sat morning meet-up listed in our calendar.

Get out and drive!

The VP's Column

The VP's Word By Steve Prescott

Spring is here and the weather is getting better, except when I planned to go and pass out flyers. But it was raining! My cars don't do rain!

April 13th was a nice April day when we toured Angels Stadium. Our club member, Tom Cuccio, who works at the stadium, gave us a top notch, better than ever backstage guided tour with years of knowledge you would not believe! Thank you, Tom, for all the time you spent with us!

May 10th - We will be headed for the Yank's Air Museum at the Chino Airport. How close have you been to a Blue Angel F/A-18 Hornet, WWII P-51 Mustang or replicas of the early 1900's. Yank's has a diverse collection of aircraft and it's mostly inside. We will be able to take a club photo with a WWII plane behind us. Seniors/Vets (55+) = \$15, General Admission = \$20, Children (5-11) = \$10, Kids under 5 are free. We'll have lunch at Flo's Diner. Thanks, Ed Norris, for setting that up for us.

June 14th - We will be teeing off at the Anaheim Golf and then lunch. Thanks to Sal and Teresa Cruz for organizing that event. More info will be given as we get closer to that date.

Down the road I'd like to plan some 2-3 day/overnight events. One is the Mendenhall Museum in Buellton with a collection that is over 50 yrs old. The museum has race cars and all types of car paraphernalia and Solvang is nearby, too. The Route 66 Fun Run Registration for next year is going on now. It starts in Seligman, AZ (north of Prescott :) and ends up in Topock for the BBQ, (near the Colorado River south of Needles). Our CSS member, Ron Molendyk, has put this bitchen run together in the past and is willing to help us organize it. Think about it!

I have the monthly events for this year planned up to December. If someone would like to host or have any ideas for a Christmas Party please let me know.

Good weather is coming.

Let's Get Out and DRIVE!!

Tom Cuccio has been usher of the year many times, but is now leading tours. Kieth talked about how important it is for us to get our club out there and participate in events. NCCC PRESIDENT's MESSAGE: April 2025

No pranks from me! Hope April brings lots of sunshine and plenty of events to enjoy.

We have been updating the website with new job descriptions for each officer, membership application updates, information guides for membership and governors. The membership and governor guides are in the Members Only tab under membership on the NCCC website.

Be sure to check out the updates for the 2025 convention in the Wisconsin Dells. Some of the tours are sold out already. The convention is August 16-22, 2025. Lots of events, parties and tours so be sure to sign up soon.

If you have any ideas for a national meeting site, the bids will be due next Feb. What we look for is a hotel that accommodates the meeting room requirements and is easy to get to - an airport with flights available from across the country. The hotel contracts are for 3 years. If you need help, please contact the Business Manager, Allen Morris.

The National Corvette Museum is pleased to announce David Hill as its new President and Chief Executive Officer. A lifelong Corvette enthusiast with extensive leadership experience, Hill brings the strategic vision needed to lead the Museum into its next chapter while staying true to its mission of preserving and celebrating the legacy of America's Sports Car. A hands-on Corvette owner, Hill has restored multiple classics, including a 1971 Stingray. His personal favorite is the 1967 Corvette, which he calls, "A beautiful car in so many ways."

While no relation to the 2006 Corvette Hall of Fame inductee and retired Corvette Chief Engineer of the same name, Hill brings a strong track record of leadership, strategic vision, and a commitment to excellence. He will assume his role on March 17 and relocate to Bowling Green with his wife of 32 years, Shannon. They have six adult children spread across the country and love spending time with them doing just about anything.

I still have tickets for the drawing for a table that was in the NCM Café before the remodel. The table has a huge NCCC logo on it and is 42 inches across. The tickets are \$5 and only 200 will be sold. The money will be used to pay for our banner at the museum. Hopefully if all the tickets are sold, we will draw for the table at the May national meeting in St. Louis. The pictures and entry form are located below this article.

That's all for now!

Deb Murphy
NCCC President

NCCC PRESIDENT's MESSAGE: April 2025

The drawing is for the above table (42 inches across) with the NCCC Logo on the top that was used in the National Corvette Museum café before it was remodeled. There will only be 200 tickets sold. The drawing will be at the next National Governors meeting on May 4, 2025, if all the tickets are sold. The proceeds will be used to pay for our banner hanging at the museum.

Winner must pick it up or pay shipping fees. The table is at the National Corvette Museum.

Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, www.mamotorworks.com, (800) 500-1500;
- b. Eckler's Corvette, www.ecklersCorvette.com, (800) 327-4868;
- c. Corvette America, www.CorvetteAmerica.com, (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

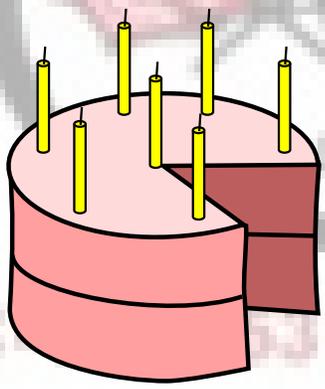

- a. Volunteer Vette Products, www.volvette.com, (865) 521-9100;
- b. J & D Corvette, www.jdcorvette.com, (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, www.CorvetteCentral.com, (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, www.CorvetteCollection.com, (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, www.CorvetteMuseum.org, (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

Our Corvette Super Sports Dealer Representative D.J. Martin is retiring after a long career at Connell Chevrolet. The new point person for CSS members is now Tim Connell, Sales Manager. I have known Tim for over 25 years and sat down with him to get some background history on Connell Chevrolet.

Tim is well versed in Corvettes and has participated in the dealer training and Spring Mountain Driving for the C-5, C-6, C-7, & C8's.

The company was founded as Miller / Connell Chevrolet and Oldsmobile in 1959 located in Newport Beach on Pacific Coast Highway. John Connell bought out Miller and moved the dealership to the present location in 1964, and dropped the Oldsmobile line. Tim Connell is a third-generation family member working at the dealership.

Paul Dodridge started working at the dealership in the late 1960's and worked his way up to General Manager. Paul bought out John Connell in the 1990's. Paul passed the torch to his son Wayne, and then to the present Owner Tim Dodridge. Paul and Wayne have retired to Montana.

CSS members get a 10% discount on service and parts, just show the service writer you club card. Should there be any issue, contact Tim Connell. The Service Director is Alan Vondra and the Service Manager is John Calvert.

Please show your support for Connell when you are looking for any new vehicle or service needs, as Connell has provided CSS with their continued support.
