The VP's Column

**The VP's Word
By Steve Prescott**

As we head into March, I found myself reaching for the sunscreen I keep in my door pocket. Our rainy February turned the corner to some excellent Corvette weather. At the club meet up on the 3rd Saturday we had over 15 cars. Our club Treasurer had his beautiful E-Ray in the mix. I, along with other enthusiasts, recognize this car for what it is, the best C-8 so far. I think the Ray should've been called the grand sport. After the meet a few of us went over to Zero2Sixty's new Buena Park facility. They do Paint Protection Film (PPF) and other car treatments.

We're putting the finishing touches on our Route 66 run coming up in May. It's the 100th anniversary and cars of all types will be represented on the run. I believe they are fast approaching capacity of 900 cars for the multi-day event. Check it out.

In the meantime, check our very active club calendar for more tasty runs by our VP Steve. We'll see ya out there!

Kieth Huff
President

We had our first run of the year to the San Clemente Cars and Coffee on February 14. I was expecting about eight or so cars, but was blown away with 16 cars and 26 members! Thanks for the great showing everyone! We also had three new members in attendance! It is always a great car show with the old and new, Hot Rods, Corvettes and Exotics. Afterwards we cruised to one of my favorites, Rose Canyon Cantina in Trabuco Canyon. Originally, I reserved a table for 12-15 but ended up needing three tables for our 26 members. The staff was very accommodating with a special shout out to Melanie, their manager, who made it happen since it could have been a nightmare being Valentine's Day. Did I mention the food is delicious? Once we get our flyers for our August Car Show I'd like to set up another run down there to advertise our event.

Our next run will be March 14 to the Lion's Automobile Museum in Carson. The Lions Drag Strip was a raceway that existed from 1955-1972. The museum features Hot Rods, muscle cars and the largest Willys collection in North America. It also has several themed galleries from the 50s to Hollywood and on. Don't forget we always end with a good lunch!

Mark your calendar and let's get out and drive!

VP Steve

Who is Jean Slipich?

by Arthur Huhta

Jean was born in Oklahoma and is part Cherokee. When she was very young, the family moved to California. She was married to Steve for 47 years. Sadly, he passed away in 2022 from cancer. They raised a son and a daughter. After spending 15 years as a Lowe's Resource Manager, she retired. She joined CSS in September 2025. The CSS run to Solvang last year was a favorite outing and participating in the CSS Corvette show was great fun.

Jean drives an arctic white 2024 C8, her first. While searching for a new ride, she and her son went to Paradise Chevrolet in Ventura to buy this snow machine. She loves the ride, but has had problems with paint peeling and bubbling by the left bumper. The dealer repaired it, but now some small cracks are showing.

According to the Corvette Form, C8 paint problems have occurred on several vehicles. Reported issues point to the new paint facility at Bowling Green. Also, improper fiberglass preparation and flexing of body parts cause friction where paint problems occur. There is a service bulletin for misaligned headlights, which may contribute to this problem. Chevrolet will perform corrections for the original owner. While GM will not admit responsibility, it is suggested to call GM at 1 (866) 790 - 5700 and ask for a case number. Unfortunately, some dealers are not responding well to get paint problems fixed. Jean has worked with Paradise Chevrolet and is pleased with their support. Jean says, "They also fixed a small crack on the windshield. It was hit by a pebble while going to Murrieta on the I-15. The dealer fixed that also."

Now she has taken the Care and Kindness role and is on the Board of Directors.

Save the wave, Art

Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-“parts” are:

- a. Mid America Motorworks, www.mamotorworks.com, (800) 500-1500;
- b. Eckler's Corvette, www.ecklersCorvette.com, (800) 327-4868;
- c. Corvette America, www.CorvetteAmerica.com, (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

- a. Volunteer Vette Products, www.volvette.com, (865) 521-9100;
- b. J & D Corvette, www.jdcorvette.com, (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, www.CorvetteCentral.com, (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, www.CorvetteCollection.com, (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, www.CorvetteMuseum.org, (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of **Corvette Mike's** at 1133 North Tustin Avenue, located in Anaheim just off the 91 freeway, and **West Coast Corvettes** at 1748 West Business Center Drive, in Orange. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

FUTURE CORVETTE OWNERS ASSOCIATION

FOUNDED 1992

NATIONAL COUNCIL OF CORVETTE CLUBS

The National Council of Corvette Clubs (NCCC) and its members is not just about those that drive Corvettes, it is about promoting Corvette Ownership in the youngsters in our lives. It might be a child, a grandchild or a niece or nephew. Regardless the situation, share your passion about "America's Sports Car" with them.

One way you can do that is by enrolling them in NCCC's Future Corvette Owners Association (FCOA). This youth program was conceptualized in 1991 and became the official youth program in 1992. The first 76 Members were signed up at the 1991 Convention and currently the membership has exceeded 5,600 members.

FCOA is a very special Corvette Organization just for kids, formed to get the younger generation interested in Corvettes. After all, these kids will make up the next generations of Corvette enthusiasts! These members are the foundation of NCCC's future as they become NCCC members upon turning age 16. NCCC has benefited from having numerous 2nd-generation FCOA members come thru the organization.
