This Month's Trivia

July Trivia: Did You Know?

In 1953, the first generation of Corvettes were built in Flint, Michigan. From 1954 to 1981, they were produced in St. Louis, Missouri. In 1982, the production of Corvettes was moved to Bowling Green, Kentucky, where they are made today!

August Trivia: Did You Know?

In 1990 Corvette partnered with Group Lotus with the goal to create the fastest car, the ZR1 broke the record for fastest 24-hour, with speeds of 175 mph at the 24 hour-5000-mile race. The car was built with 380 hp @ 6200 rpm, and a V8 engine.

President Kieth Huff

I always say I can't wait for it to get hot enough to complain about the heat. Well, it's happening. It's been a warm August, but we got a break and had a wonderful car show a couple of weeks back. Lots of cars, lots of clubs and my ever-widening circle of Corvette friends came out to support us. Something I started doing a couple years back was introducing a club representative from those in attendance. It was great to hear the message of some of the other local clubs that do so much good in the community. Corvette isn't just about the car; It's about the people. The people of Corvette Super Sports continue to keep our club exciting and innovative.

Ron Molendyk just sent me the flyer and packet for the 2029 Corvette Caravan, the 35th anniversary of the Corvette Museum. Hmmmm, now the question is, do I take my C8 or the C9!?

We'll see ya out there!

Kieth

The VP's Column

The VP's Word By Steve Prescott

August 15th was our CSS Annual all Corvette Car Show, and another success! We had 77 cars in attendance with C1s all the way through to C8s with the one exception of the C4 that wasn't able to make it, bummer. A special thanks goes to Monica Valparaiso, our car show chairperson, and President Kieth Huff for their leadership. And a big thanks to our DJ Tom Cuccio for providing the perfect music and his entertaining Trivia Quiz questions. Our treasurer, Tom Horton, had the ongoing task of organizing the registration and ballots among other things, and he and his staff made it work smoothly that day. Linda Norris and Vicki Kump outdid themselves with their spectacular prize and raffle table along with their team and the 50/50 ticket sellers. So, a huge thanks to all members who were there to help make this a great and successful day!

What's coming up? September 12 will be our "Weenies in Wrightwood" potluck run. October 3 we will support our charity, "Patriots and Paws" at their car show in Gypsum Canyon. You can pre-register your car or motorcycle for \$35, or just make a donation. I have flyers!

Since we are nearing the end of the year, I would like to hear your suggestions for next year's events. I have some ideas for day runs and a couple of overnights. Let me know!

In the meantime, ...

Let's get out there and Drive!!!

VP Steve

Spaghetti Factory Dinner August 17, 2026

Who are Keith and Michelle Lindenberg?

by Arthur Huhta

New members Keith and Michelle are world travelers and have visited all six Disney resorts. Their favorite is Shanghai, where the special effects are the best. Riding on the Pirates of the Caribbean tour, the cannon fire from the town caused the boats to rock and jump. Keith's quest for adventure travel started after he died! This was on a medical evacuation helicopter headed for Las Vegas. His heart stopped. The medics revived him and said he died. Since that day, his perspective about life changed. When he met Michelle, he asked if she would go adventuring with him. She said yes. On their first date, they took an airplane and parachuted to the ground!

They have a C5 coupe. Before buying it, they had ordered a new C-8, but there was a storage problem that nagged them. Even though he has three houses and garages, there was no room to store a brilliant new Corvette. Reluctantly they canceled the order. Later, on the way to visit his brother, they spotted a 2003 Corvette with a for sale sign. It was millennium yellow. It glowed. It was beautiful. It was perfect. It said, "buy me." But it was sold. The owner was waiting for the buyer to come back. Not discouraged, Keith talked to the owner, schmoozing a bit, and offered \$1,000 more. Sold. They took it home and kept it inside a storage site.

Keith owns an electrical company, Lindenberg Electric and Crane based in Orange. He can do all electrical repair and install work involving 110 volts to 600 volts. He also has a crane for heavy lifting. One job, for the Cascade Power Plant, Alberta Canada, he used the crane to raise and replace the rotor inside the generator. It has lifting power of 750 tons.

They enjoyed the Route 66 Fun Run and the Petersen Museum. Michelle particularly enjoys conversation with the CSS ladies.

"The San Clemente event was fun," Keith said.

Save the wave, Art

NCCC PRESIDENT's MESSAGE: August 2026

I am gearing up for the September NCCC meeting. We have the candidates that have stepped up to run for a national office. We will also talk about what will be on the ballot. Remember that changes to the competition rulebook will now be effective annually instead of every two years.

The 2027 convention in Bowling Green will be reporting more details - tours and events. The wrap-up from the Syracuse convention will also be done. All I can say is to those of you who missed the 2026 convention, you missed great events, tours and food.

We are still looking for ways to cut expenses. If you have any more ideas, please contact me or one of your regional officers so we can take a look. Everything is expensive so even a little change can make a difference.

NCM

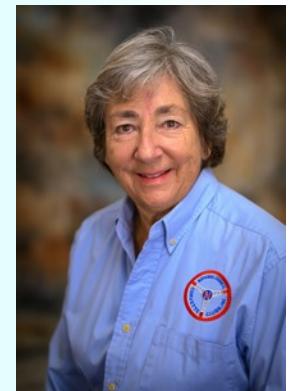

Quote from Andrea Bateman on Membership Appreciation event: "Thank you to our thousands of Members; you are proof that Corvette is more than just a car; it is a community." EXACTLY!

If you're planning a club event to the National Corvette Museum, volunteering at the National Corvette Museum may be an exceptional experience. To schedule a time to volunteer email the NCM at volunteer@corvettemuseum.org. Another opportunity to volunteer may be following guided plant tours at the Bowling Green Assembly Plant. Check the NCM website for more information.

As always, every member is welcome to attend a national meeting. Come to visit, attend the membership, charity, convention or competition meeting, enjoy a beverage and a snack and see what other regions are doing.

Take care and stay cool!

Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, www.mamotorworks.com, (800) 500-1500;
- b. Eckler's Corvette, www.ecklersCorvette.com, (800) 327-4868;
- c. Corvette America, www.CorvetteAmerica.com, (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

- a. Volunteer Vette Products, www.volvette.com, (865) 521-9100;
- b. J & D Corvette, www.jdcorvette.com, (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, www.CorvetteCentral.com, (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, www.CorvetteCollection.com, (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, www.CorvetteMuseum.org, (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of **Corvette Mike's** at 1133 North Tustin Avenue, located in Anaheim just off the 91 freeway, and **West Coast Corvettes** at 1748 West Business Center Drive, in Orange. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)
