This Month's Trivia

August Trivia: Did You Know?

In 1990 Corvette partnered with Group Lotus with the goal to create the fastest car, the ZR1 broke the record for fastest 24-hour, with speeds of 175 mph at the 24 hour-5000-mile race. The car was built with 380 hp @ 6200 rpm, and a V8 engine.

September Trivia: Did You Know?

The Head-Up display was first introduced in 1998. The RPM, oil pressure, and speed gauge were displayed in the windshield!

President Kieth Huff

And fall is here! As we continue to enjoy our year-round Corvette season, a lot is happening in Corvette.

I'm excited to see the C8 be reinvented as she gets deep into the model years. One of our members recently took delivery of a Grand Sport. This car comes with a completely new motor and option of electric and all-wheel drive. The word is that iteration only happened due to the input from the community. It's good to know GM is listening and responding to us.

If things follow suit, the C9 is right around the corner. I can't imagine what that's going to look like, but in true Corvette fashion, that's exactly the point. Always evolving, leading the way, and putting those smiles on the owners' faces.

Drive 'em folks, and save the wave!

Kieth

The VP's Column

The VP's Word By Steve Prescott

Our CSS event for September, Weenies in the Mountains, was a success. We had 13 Corvettes and 35 people. Our members brought plenty of delicious side dishes, then the games began. With almost all members participating it was a lot of fun. Congrats to our winners! Ed Norris 1st Place, Michael Plotnik 2nd, and Tom Horton 3rd. And a big thanks to Dave Alciatore for organizing the parking of our 13 Corvettes in the driveway. It was quite the feat!

October 3 will be our event at Featherly Park in Anaheim for the Patriots and Paws Car Show. I hope to see a lot of members there to support this great cause.

Just a reminder, October 24 is Patriots and Paws Annual Chili Cook-Off, another fun and delicious day.

And last, I need members' input for monthly event ideas for next year. I have a calendar that needs filling so email me with daytime events or overnight excursions that you would like to do.

Let's get out and drive!

Who is Gary Lee?

by Arthur Huhta

A member since 2023, Gary is an experienced mechanic. He owned Lee's Garage in Los Angeles, near the produce market. The produce market provided good business. His grandfather started the business in 1948 and passed it to his dad in 1962 who later passed it to Gary. After 50 years being a mechanic, Gary sold the business in 2000 and then retired in 2014 from the Metro Bus Transit.

Gary has two Corvettes, a 2011 Jet Stream Blue coupe and a 1956 Roadster, with a removable hard top. The '56 was originally Copper/Bronze then painted blue then painted green.

Gary's sister was the first to own the '56 and had fun burning rubber. Later she bought a 1965 Stingray and gave the 1956 to Gary when he was a Junior in High School. He lost it once! He thought it was stolen when after spring training, he walked to the band parking lot and it was not there. A bit upsetting. A friend said to look at the gym parking lot. Yup. It was there. The wrestling team used a wire to unlock it. They pushed it to the gym parking lot and locked it. In 1968, a collision on the freeway totaled it. Gary says it will be repaired one day, but is now in storage.

Gary served in the Navy from 1968 to 1972. He was a radial aircraft engine mechanic and rated as Second Class Petty Officer. As part of his job, he crewed in a Navy C-118 (Douglas DC-6). He would fly supplies across the Pacific from Alameda to Saigon. The return trip carried body bags.

He is a native Californian with three boys and is now divorced. The miniature golf tournament is a favorite CSS event.

Save the wave, Art

NCCC PRESIDENT's MESSAGE: September 2026

WOW did the end of the month sneak up on me! We have the September national meeting coming up in a few days too.

This is a really important meeting too.

FIRST- we will list any item that will be voted on. That includes by law changes; changes to the competition rulebook; officer elections and the vote for the 2028 convention.

SECOND - we will be discussing the regions and what is in the rulebook for them. This is discussion and will not be voted on.

THIRD – We will discuss membership opportunities and how to manage “special offers” in the regions and clubs.

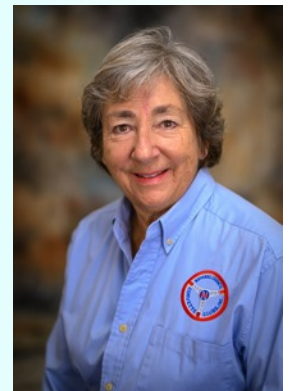

Finally, governors will get to hear from the officers that are up for election. We are all volunteers! That takes time and effort to keep all the “balls in the air”! Other groups look at our organization that has been around since 1959 and cannot believe we do it with our dedicated members.

I am headed to the National Corvette Museum anniversary celebration. I can't wait to get a sneak peek at the Collections bldg. There will be an Ambassador meeting on Friday too. If you are planning on being there, stop and say hello.

Well, I need to get on the road. I hear it's going to be hot in Kentucky.

See ya soon!

Deb Murphy
NCCC President

Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, www.mamotorworks.com, (800) 500-1500;
- b. Eckler's Corvette, www.ecklersCorvette.com, (800) 327-4868;
- c. Corvette America, www.CorvetteAmerica.com, (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

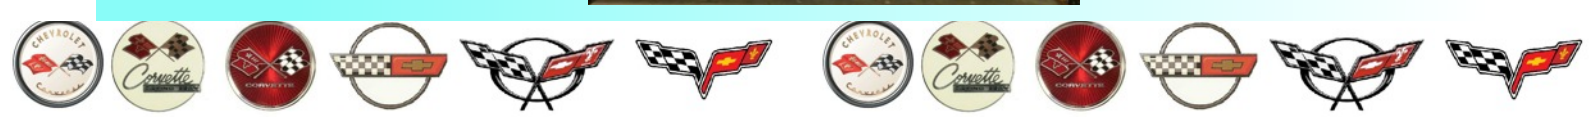

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

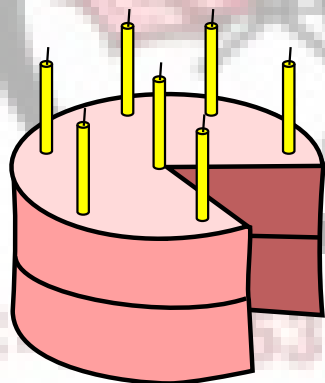

- a. Volunteer Vette Products, www.volvette.com, (865) 521-9100;
- b. J & D Corvette, www.jdcorvette.com, (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, www.CorvetteCentral.com, (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, www.CorvetteCollection.com, (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, www.CorvetteMuseum.org, (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of **Corvette Mike's** at 1133 North Tustin Avenue, located in Anaheim just off the 91 freeway, and **West Coast Corvettes** at 1748 West Business Center Drive, in Orange. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

FUTURE CORVETTE OWNERS ASSOCIATION

FOUNDED 1992

NATIONAL COUNCIL OF CORVETTE CLUBS

The National Council of Corvette Clubs (NCCC) and its members is not just about those that drive Corvettes, it is about promoting Corvette Ownership in the youngsters in our lives. It might be a child, a grandchild or a niece or nephew. Regardless the situation, share your passion about "America's Sports Car" with them.

One way you can do that is by enrolling them in NCCC's Future Corvette Owners Association (FCOA). This youth program was conceptualized in 1991 and became the official youth program in 1992. The first 76 Members were signed up at the 1991 Convention and currently the membership has exceeded 5,600 members.

FCOA is a very special Corvette Organization just for kids, formed to get the younger generation interested in Corvettes. After all, these kids will make up the next generations of Corvette enthusiasts! These members are the foundation of NCCC's future as they become NCCC members upon turning age 16. NCCC has benefited from having numerous 2nd-generation FCOA members come thru the organization.

FCOA has its own website, www.corvettesnccc.org/fcoa1.html and email FCOADirector@corvettesnccc.org. The program is facilitated and fully supported by the NCCC FCOA Director.

\$10 one-time Membership Fee
